 Coverage for: Single (+ Dependent Children if elect Tier C) | Plan Type: PPO

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, visit www.ufcwmidwest.org or call 1-800-621-5133. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms, see the Glossary. You can view the Glossary at https://www.healthcare.gov/sbc-glossary or call 1-800-621-5133 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall <u>deductible</u> ?	PPO <u>Providers</u> : \$325 /person per calendar year; Non-PPO <u>Providers</u> : \$375 /person per calendar year	Generally, you must pay all of the costs from <u>providers</u> up to the <u>deductible</u> amount before this <u>plan</u> begins to pay. If you have other family members on the <u>plan</u> , each family member must meet their own individual <u>deductible</u> .
Are there services covered before you meet your <u>deductible</u> ?	Yes. <u>Preventive care</u> up to \$50, mammogram up to \$130, flu shot up to \$30, lab tests done outside a hospital, and <u>prescription drugs</u> are covered before you meet your <u>deductible</u> . If you elect Tier C, well-child care for eligible dependents up to age 2 is also covered before you meet your <u>deductible</u> .	This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply.
Are there other <u>deductibles</u> for specific services?	Yes. \$450 non-PPO hospital <u>deductible</u> (except for an <u>emergency medical condition</u>); \$100 <u>preauthorization</u> non-compliance <u>deductible</u> . There are no other specific <u>deductibles</u> .	You must pay all of the costs for these services up to the specific <u>deductible</u> amount before this <u>plan</u> begins to pay for these services.
What is the <u>out-of-</u> <u>pocket limit</u> for this <u>plan</u> ?	PPO <u>Providers</u> : \$2,650 /person per calendar year; Non-PPO <u>Providers</u> : \$2,900 /person per calendar year	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this <u>plan</u> , they have to meet their own <u>out-of-pocket limit</u> .
What is not included in the <u>out-of-pocket</u> <u>limit</u> ?	Prescription drugs, expenses paid at 50% <u>coinsurance</u> , <u>preauthorization</u> non-compliance <u>deductible</u> , non-PPO hospital <u>deductible</u> , <u>premiums</u> , <u>balance-billed</u> charges, and health care this <u>plan</u> doesn't cover.	Even though you pay these expenses, they don't count toward the <u>out-of-pocket</u> <u>limit</u> .
Will you pay less if you use a <u>network</u> <u>provider</u> ?	Yes. See <u>www.bcbs.com</u> or call 1-800-810-2583 for a list of <u>network providers</u> ; see <u>wellview.welldyne.com</u> or call 1-888-479-2000 for a list of pharmacy <u>network providers</u> ; call 1-800-621-5133 for covered laboratory testing <u>providers</u> .	This <u>plan</u> uses a <u>provider</u> <u>network</u> . You will pay less if you use a <u>provider</u> in the <u>plan's network</u> . You will pay the most if you use an <u>out-of-network provider</u> , and you might receive a bill from a <u>provider</u> for the difference between the <u>provider's</u> charge and what your <u>plan</u> pays (<u>balance billing</u>). Be aware your <u>network provider</u> might use an <u>out-of-network provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services.
Do you need a <u>referral</u> to see a <u>specialist</u> ?	No.	You can see the <u>specialist</u> you choose without a <u>referral</u> .

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.
